Auditors' Report

Gilford, N. H., February 24, 1942

We, the undersigned, auditors of the Town of Gilford, have examined the accounts of the Selectmen, Town Clerk, Tax Collector, Trustees of Trust Funds and the Treasurer, and find them correct and properly vouched.

ARTHUR P. GERRY,
ORMAN M. SANBORN,
CHARLES H. SLEEPER,
Auditors.

Report of Gilford Public Library

To the Citizens of Gilford:

The undersigned, trustees of the Gilford Public Library, respectfully submit the following reports for the year ending February 1, 1942.

Eunice L. Hunt served as chairman of the board, Bertrand F. Ames as treasurer, and Helen D. Watson as secretary.

We are glad to report that the circulation has increased by more than 300 books this year. Two hundred and twenty-one books, fiction and non-fiction, have been added this year.

We should all feel very fortunate in being on the calling list of the Bookmobile from the State library. Of course the purpose of the Bookmobile is to supplement our own books and it would defeat its own purpose if it should ever result in reducing the number of books purchased by the town.

The Bookmobile also calls at the school, thus allowing the different age groups to choose books suitable to their grade.

Many people speak each year about our bright little flower bed and we would like, at this time, to thank Mr. Frank Wright, who has planted and cared for it for a number of years.

Librarian's Report

W. P. A. funds expended	\$390 93
Area covered	511 acres
Currant and gooseberry bushes destroyed	15,648
Number of local men employed	8

Forest Fire Control

1. Secure a permit from your local forest fire warden to burn brush or other debris in or near woodlands, or where fire may be communicated to such lands, once the snow has left the ground. Violation of this requirement makes the responsible party liable

- a. To a fine not to exceed \$500.00 or imprisonment of not more than one year or both.
- b. To the town for expenses incurred by the warden in attending or extinguishing such fire.
- c. For damage to abutting owners if fire runs upon abutters' property.

2. DON'T drop or throw from any vehicle while same is upon a public highway or private way and

DON'T drop, throw or otherwise deposit on or near woodlands any lighted match, cigar, cigarette, live ashes or any other substance liable to cause a fire.

Violation of these prohibitions penalizes whoever is found guilty with a fine of not more than \$25.00.

3. DON'T fail to promptly notify your local warden of any fires you see.

The 1941 fire record for Gilford is as follows:

Number of fires	6
Acreage burned	35
Cost of suppression	\$211 50
No. of permits issued . .	20

ROY T. PAGE,
Forest Fire Warden.

Received assistance from out of town on 4 fires.		
Total insurance paid for year, \$158.11.		

Our total loss by fire this year was extremely heavy, nearly all being loss of buildings and contents. However, the loss in relation to property threatened must be considered light, as a major part of each building or group of buildings of much account was saved except in two cases, only one important fire resulting in total loss.

Our loss by forest fire during the most dangerous season on record was negligible.

Signed,

O. C. PAGE,
Clerk.

Gilford, N. H., January 8, 1942.

Report of Superintendent of Schools

To the Members of the School Board, Parents, and
Voters of the Gilford School District:

Since December 7, 1940, the calm manner of our living and working has been affected radically. It is apparent now that as each month advances we shall need to adjust ourselves to rapid changes, to shortages in personnel and materials, to curtailment of activities, and to the development of new skills in everyday living. The day on which you may read this report will bring its demands which may be much different from those on the days in which this is being written. Come what may, this is being prepared to give you a brief summary of the year's responsibilities and achievements and not to forecast the future.

Teachers

One teacher resigned during the year and two teachers were assigned to new groups. Mrs. Florence Collins Blake secured a release from her contract in the spring and Mrs. Grace J. Sargent substituted for several weeks. Mrs. Natalie Haddock Davis assumed the responsibilities for the work in Grades I-II in

September. Miss Hunt has Grades III-IV. Mr. Sargent continues as principal and teacher of Grades VII-VIII.

Miss Velma E. Lucier of Northfield, with considerable experience in Plaistow as a teacher of pupils of the junior high school age, was selected to teach Grades V-VI. Her schedule and that of Mr. Sargent was planned so pupils in the upper four grades could have instruction in practical arts (sewing and manual training). Miss Lucier's skills supplement those of the teachers already serving in our school.

Graduation

Graduation exercises for Gilford were held at the Gilford Grade School Auditorium, Wednesday, June 18, 1941 at 8 o'clock. The following program was presented.

P R O G R A M

Invocation Rev. Howard White
Radio Program from Station GGS,
"Friendly Neighbors"

Story of the Program

In these days of great international strife, this country is emphasizing the cultivation of friendliness among nations to the north and to the south. The

United States is anxious to share in cooperative endeavors of the nations of this hemisphere and, as one feature of the development of support, the government is broadcasting radio programs. Our pupils are acquainted with these, and with the help of teachers, have written the exercises, "Friendly Neighbors" for the close of the school year.

Teachers who have assisted in coaching and directing the exercises :

Norman P. Sargent, Principal, Grades VII-VIII

Eunice L. Hunt, Grades V-VI

Natalie A. Haddock, Grades III-IV

Flag Bearers : Bickford Rowe, John Bacon, Jessie Phelps, Arline Harris, Lucille Valliere.

"Friendly Neighbors"

Announcer	Jean Sturrock
Mayor of Gilford	Ernest Blackey

Changes in the Buildings and Grounds

The ceilings of the classrooms and corridors have been insulated with Rock Wool. The work was completed early in April by the Eagle Rock Wool Insulating Company of Concord, New Hampshire. The price was \$400, payable in four annual installments of \$100 each, beginning on or before September 1, 1941. There

has been a noticeable effect in the evenness of temperature of the classrooms since this insulating was done but it will be impossible to ascertain the extent of the fuel saving until more time has elapsed.

An additional radiator was installed in the northwest room. This has equalized the heat so each classroom maintains nearly the same temperature throughout the day.

The interior of the four classrooms was painted this summer. This is the first decorating of rooms which has been done. To this point, the walls had been left as the builders had completed them.

Asphalt has been placed over the loose gravel in the front and rear walks. This prevents much of the sand and dirt from being tracked into the building and stops most of the rapid wear of the floor coverings.

A metal handrail has been installed beside the walk leading to the rear entrance.

Transporters and Pupils Transported

Laconia Transit Company with Ernest E. Morin transport pupils to Laconia High School and to the Gilford Grade School. In all, there are 127 pupils being transported.

In July, the School Board decided to permit the transportation of all Gilford boys and girls to Laconia High School if their homes were located along one of the regular routes and if there would be no interference with the regular time schedules of the school busses. Several additional pupils have been accommodated by this service.

New Subjects

The boys and girls in Grades V, VI, VII, VII are to benefit from instruction in Practical Arts. The boys are to work in a new shop, equipped with benches and tools for wood and craft productions. The girls are to have sewing.

REPORT OF SCHOOL NURSE

To the Townspeople, School Board, and Superintendent of Schools:

The contagious disease record in the Gilford schools has been unusually good. Last year seven cases of whooping cough were reported. Common colds were quite prevalent and the school was closed a few days last winter to help control a "flu" epidemic. The head lice situation is much better this year but certain children still need constant watching.

The physical defects corrections show an improvement over last year. Where only 27% of the defects were corrected last year, 35% were corrected at last report. At the same time the number of pupils without defects has increased from 27% a year ago to 38% now. It might be of interest to see a report of the defects of the Gilford pupils:

Pupils examined	129
Defects found (1.3 per pupil)	179
Defects corrected (35% of defects)	64
Without defect (38% of pupils)	50

<i>Defects</i>		<i>Corrections</i>
Underweight (10%)	21	11
Defective vision	28	14
Defective hearing	1	1
Cardiac disease	1	1
Defective teeth	81	20
Defective tonsils	36	9
Adenoids	9	9
Speech defects	1	
Glasses already worn		8

When thinking over these figures, it is interesting to note how disturbed the army recruiting officers and

the national health authorities are about the large percentage of defects they find among men wishing to be inducted into service. If a little more interest had been shown in correcting these defects a few years ago while the men were still school children, many of these defects would have been eliminated, and a better record would have been found among army men. Their figures are about the same as ours among school children.

Most health authorities blame our poor eating habits and a carelessly balanced diet for many of these defects. This is especially true of dental decay, and some vision defects also. Most people refuse many foods good for them in preference for things they happen to like better, resulting in a poorly balanced diet. Children establish eating habits very early and are prone to copy adult preferences as well as prejudices. It is possible to train young children to like a variety of vegetables, both cooked and raw, whole grain cereals, fruits, dark breads, and particularly milk in some form. Most of our children in Gilford are able to get correct diets, for which we should be very thankful. Let us set them the example of ourselves eating more of the things we know are best for us whenever possible.

We must build our national health as strong as possible for the problems that are ahead of us. While preventing defects with well balanced diets, let us correct all possible defects among our young citizens. We urge all parents financially able to do so to take their children to their dentist for a complete check up. Remember the most important teeth in the child's mouth are the six-year molars and these come in about the time the child starts school. They are nearly always crossed with fissure cavities seen after they are through and often decay very badly in a year or two. Those parents who have received a notice of defective vision or have reason to suspect there may be trouble with the eyes are urged to consult an oculist as soon as possible. We regret to say that several of the cases of defective vision recorded in our schools are not yet corrected and are of a serious nature. It costs money for glasses and ways have not yet been found to get enough for all the needed glasses. We need a community interest in school clinics. The school authorities are anxious to start dental clinic services for all pupils needing it. There are no funds for those unable or unwilling to pay for their own work, and no organization prepared to sponsor such a program.

Report of visits and time spent in the Gilford school:

Visits to school	92
Visits to homes	180
Total visits	272
Days spent	24.1
Days due	24

I want to thank all parents, teachers, citizens and school authorities for their interest and cooperation in the health of the school children. You have already helped with many of our problems. I want also to say I am always ready and anxious to help or advise any of you who have problems involving the health of your children. It is easy to send a note to school if anything comes up that you wish to ask about and I will call on you as soon as possible.

Respectfully submitted,

RUTH S. LANGILLE, R. N.,

School Nurse.

Teachers' Meetings

One of the particular duties of the superintendent of schools is to lead his teachers in professional growth.

For the most part, this is done by teachers' meetings, individual conferences, written communications, demonstration teaching, curriculum study, and directed observations.

To enlist the talents and abilities of the many teachers in the supervisory union, a series of teachers' meetings was organized. These have been conducted during September 1941 by having teachers come to some central point in each school district of the union. A brief outline of the meetings is given below.

1. Handwriting—Mr. Harry Houston, Supervisor of Penmanship, New Haven, Connecticut. Tuesday, Sept. 2, Tilton-Northfield High School Library.
2. Creative Activities in the Schools, Basic English, and Administrative Matters. Wednesday, Sept. 3, Tilton-Northfield High School Library.
3. Reading—Demonstrators from Boston and New York.
4. Pictures in the Classroom, Individualized Instruction. Mr. Fred R. Bunker of Gilmanton and Miss Cathryn R. Hctor of Concord were the speakers. Gilmanton Corner School, 4:00 p.m., Tuesday, September 9.

5. Health, School Nurse's Work, Posture Correction—Mrs. Lurline H. McCook of Tilton and Mrs. Carrie C. Price of Concord were the speakers. Tilton-Northfield High School Gym, 4:00 p.m., Tuesday, September 16.
6. Workbooks, Tests, Good Teaching Practices—Mr. Russell H. Leavitt of Concord. Gilford Grade School, Tuesday, September 23, 4:00 p.m.
7. Enrichment of Classroom Work—Mr. Norman P. Sargent of Gilford, Tuesday, September 30, 4:00 p.m., Kezer School, Canterbury.

Conservation

What is being done to conserve work materials?

1. Pupils are using both sides of every sheet of paper.
2. The care with which written work is done has been improved so there are fewer sheets of paper wasted.
3. Duplicated copies are prepared with exercises on both sides of the sheet.
4. The pencil sharpeners are kept in good condition.
5. The number of paper towels used by pupils is limited to a small daily allotment.

6. Tops of thermos bottles and cups carried in lunch boxes are replacing paper drinking cups.
7. Kraft papers and cardboards from home are being collected for posters and displays.
8. Desk covers for lunch and pasting operations are being made from the colored pages in the *Ladies Home Journal*, *Saturday Evening Post*, or some other large-sheet magazine.
9. The waste baskets, notebooks, workbooks, and desks are inspected every two or three days to discourage waste.
10. Conservation is being made a VIRTUE.

In what other ways are pupils being encouraged to save?

1. Tin and lead foil are being collected at home.
2. Newspapers and other waste papers are being saved for sale to junk dealers.
3. Tin cans and metal scraps are being collected.
4. Defense stamps and bonds are being purchased.
5. Life-preservation 'squads are being trained.
6. Morale squads are being organized.

Conclusion

Upon reading this report, you may have questions about some phases of it. You are cordially invited to request additional information and we shall attempt to provide the facts desired.

As your superintendent of schools, I am grateful for the fine spirit which exists here. Together, we shall continue to maintain high standards in our schools and to establish practices which are educationally effective, administratively efficient, and financially sound.

Respectfully submitted,

DONALD P. MATTOON,

Superintendent.

February 1, 1942.

School Warrant

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of Gilford
qualified to vote in district affairs:

You are hereby notified to meet in the Town Hall
in said district on Saturday, March 14, 1942, at 2:00
P.M. to act on the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Treasurer for the ensuing year.
4. To choose a member of the School Board, to
hold office for three years, to fill the vacancy arising
from the expiration of the term of office of Muriel R.
Harris.
5. To choose Agents, Auditors and Committees
in relation to any subject embraced in this warrant.
6. To hear the reports of auditors or of any
committees heretofore chosen and pass any vote re-
lating thereto.

7. To determine and appoint the salaries of the School Board and other district officers.

8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the School Board in its annual report.

9. To see if the district will vote to authorize the school board to pay a rate of tuition in high schools in excess of the state average cost of instruction.

10. To see what sum of money the district will vote to raise and appropriate for air raid precaution measures and equipment at the Gilford Grade School.

11. To see what sum of money the district will vote to raise and appropriate for the payment of bills incurred for 1942-1943 scholars' supplies and janitors' supplies in storage.

12. To transact any other business that may legally come before this meeting.

Given under our hands at said Gilford this eighth day of January, 1942.

MURIEL R. HARRIS,
WINNIFRED H. VARNEY,
ALLEN F. SHECK,
School Board.

A true copy of Warrant: Attest:

MURIEL R. HARRIS,
WINNIFRED H. VARNEY,
ALLEN F. SHECK,
School Board.
